“Over the years, I, as well as several friends, have had to travel out of town to have specialized testing for breast cancer concerns. How lucky Central Montana is to have the opportunity to acquire 3D Mammography equipment. Now we can stay home and be confident that the care we are getting is as good as what we would have in bigger medical centers. On behalf of the Central Montana Medical Center Governing Board of Directors, I thank you for your gifts in the past years and hope you will again support the campaign for 3D Mammography.”

Thank you!

~ Karen Durbin, CMMC Governing Board Member

3D MAMMOGRAPHY CAPITAL CAMPAIGN NEEDS

Cost of 3D Mammography	\$350,000
Cost of Breast Biopsy Guide System	\$125,000
Funds Raised by the Medical Center Foundation	\$350,000
Remainder Needed from Capital Campaign	\$ 125,000

Mammography Saves Lives

Why?

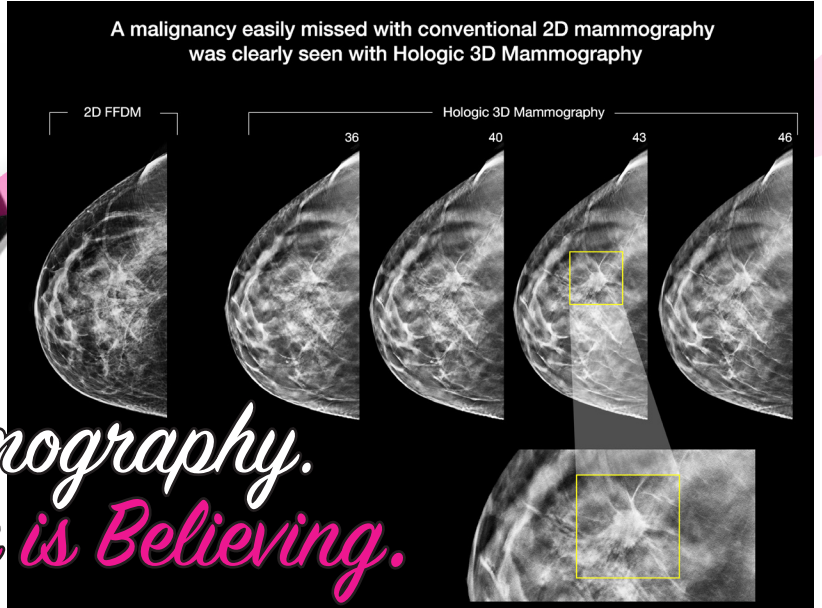

3D

3D Mammography is a revolutionary breast x-ray that has an increased detection rate of invasive cancers by 41%. The 3D part of the exam, allows radiologists to examine breast tissue one thin layer at a time, in seconds, like flipping pages of a book. Fine details of the breast are more visible and less likely to be hidden by overlapping tissue, as compared to current 2D Mammography.

Breast Cancer detected early has a 93% survival rate in the first 5 years!

3D Mammography. Seeing is Believing.

“With the acquisition of the 3D Mammography and Breast Biopsy Guide System, our patients can stay home and be confident that the care they are getting is as good as what they would have in bigger hospitals,” says Dr. Scott Smith, CMMC General Surgeon. “This new equipment will move CMMC toward a future ideal Women’s Care Center.”

3D Mammography Capital Campaign Levels of Giving

Little Snowy Mountains
\$49,999 - \$25,000

Big Snowy Mountains
\$99,999 - \$50,000

Big Sky
\$100,000

Big Belts \$24,999 - \$10,000

Little Belts
\$9,999 - \$5,000

Judiths
\$4,999 - \$1,000

Moccasins \$999 - \$500

Big Spring Creek \$100 - \$499
