

MORE THAN A CANCER CENTER

"This is an amazing project that, thanks to the many knowledgeable people involved, is well thought out. CMMC feels this endeavor will not only bring an incredible Cancer Center to central Montana, but will also provide advancements for the overall facility that will be carried forward for our region's benefit for decades to come."

CODY LANGBEHN, CMMC CEO

Patient

- Centralized registration area - efficiency for patients & their caregivers
- Covered canopy for easy & safe patient drop off
- Inviting, comfortable lobby area
- Parking lot upgrades: Increased handicapped parking, added parking spaces, improvements to drainage to prevent ice build up

Community

- Strengthen Lewistown's role as the medical hub of central Montana
- Positive growth for our area with new jobs and highly skilled cancer care staff
- Attracting people from much larger region to receive medical care in Lewistown
- Leveraging the generous grant from the Leona M. & Harry B. Helmsley Charitable Trust to improve the quality of life in central Montana
- Allowing central Montanans to support and strengthen our local hospital

Hospital

- Positioning CMMC for the next century
- Thoughtful and needed upgrades to CMMC infrastructure (heating, cooling, ventilation) to improve capacity to serve this region well into the future
- Increase in highly trained staff to care for the patients and region CMMC serves
